Your tasks:

- You will be part of our app team, consisting of a product owner, scrum master, UX designer, two iOS developers, and three Android developers.

What you bring along:

- You have several years of experience in Android development.
- You are familiar with Kotlin, Jetpack Compose, and Gradle and aren't afraid to try new things.

- You will develop features in our native app platform, connecting to various APIs.
- You will collaborate with other units and stakeholders to identify business and technical requirements and design solutions for them.
- You will develop your own skills and keep yourself and the shop app up to date.
- You will be on call 24/7, rotating with your team members (approximately once per month).
- Kotlin coroutines, dependency injection, Gitlab CI/CD, MVVM, and Clean Architecture are no strangers to you.
- Ideally, you have experience with KMM.
- You communicate well in German (B2) and English (B2).
- You are resident in Germany.

What we offer:

Culture

We work in flat hierarchies, treat each other as equals. At empiriecom we give you the chance to help shape things and take on responsibility.

Exchange

With us, you have the opportunity to network and exchange ideas with various experts inside and outside the Otto Group.

Agile Work

We live the agile values and give you the opportunity to work in a self-organized way within your cross-functional team while providing the opportunity to further develop yourself.

Continuing education

We attach great importance to needs-oriented further training measures. Whether technical or personal - let's talk about it together!

Flexibility

From individual development opportunities to flexible working models (time & place) - we will find a suitable solution together with you!

Innovative environment

With us you have the perspective to try out new technologies and methods and to design state-of-the-art e-commerce solutions.
