### Your tasks:

- You will be part of our app team, consisting of a product owner, scrum master, UX designer, two iOS developers, and three Android developers.

### What you bring along:

- You have several years of experience in Android development.
- You are familiar with Kotlin, Jetpack Compose, and Gradle and aren't afraid to try new things.

- You will develop features in our native app platform, connecting to various APIs.
- You will collaborate with other units and stakeholders to identify business and technical requirements and design solutions for them.
- You will develop your own skills and keep yourself and the shop app up to date.
- You will be on call 24/7, rotating with your team members (approximately once per month).
- Kotlin coroutines, dependency injection, Gitlab CI/CD, MVVM, and Clean Architecture are no strangers to you.
- Ideally, you have experience with KMM.
- You are fluent in German and English.
- You are resident in Germany.

## What we offer:

### Culture

We work in flat hierarchies, treat each other as equals. At empiriecom we give you the chance to help shape things and take on responsibility.

### Exchange

With us, you have the opportunity to network and exchange ideas with various experts inside and outside the Otto Group.

### Agile Work

We live the agile values and give you the opportunity to work in a self-organized way within your cross-functional team while providing the opportunity to further develop yourself.

### Continuing education

We attach great importance to needs-oriented further training measures. Whether technical or personal - let's talk about it together!

### Flexibility

From individual development opportunities to flexible working models (time & place) - we will find a suitable solution together with you!

### Innovative environment

With us you have the perspective to try out new technologies and methods and to design state-of-the-art e-commerce solutions.
