[Apply now](#)

### Your tasks:

- You will **test new features** and existing functions with a focus on our **iOS and Android apps**, and assist other teams

### What you bring along:

- You are a currently **enrolled student**, ideally in computer science, business informatics, or a related field.

with testing web applications as needed.

- You will handle the acceptance of developer tickets and **verify layout, functionality, and tracking.**
- You will create and **maintain test cases, document bugs,** and assist with test strategies.
- You will **perform regression tests** and exploratory testing to detect errors early on.
- When necessary, you will **analyze network traffic,** API calls, and data streams **using appropriate tools.**

- You have an **interest in software testing** and some initial experience in QA.
- You work **carefully** and independently and have a **keen eye for detail.**
- You collaborate well with others and can **communicate confidently in English.**
- You'd like to **work about 20 hours a week** and continue to develop your skills.

## What we offer:

### Culture

We work in flat hierarchies, treat each other as equals. At empiricom we give you the chance to help shape things and take on responsibility.

### Exchange

With us, you have the opportunity to network and exchange ideas with various experts inside and outside the Otto Group.

### Agile Work

We live the agile values and give you the opportunity to work in a self-organized way within your cross-functional team while providing the opportunity to further develop yourself.

### Continuing education

We attach great importance to needs-oriented further training measures. Whether technical or personal - let's talk about it together!

### Flexibility

From individual development opportunities to flexible working models (time & place) - we will find a suitable solution together with you!

### Innovative environment

With us you have the perspective to try out new technologies and methods and to design state-of-the-art e-commerce solutions.
