[Apply now](#)

### Your tasks:

- You are **responsible for the product backlog for the platform**, infrastructure, and cloud, and prioritize requirements in line with the technical strategy jointly

### What you bring along:

- You have **several years of experience** as a Product Owner, ideally in a platform, infrastructure, or cloud environment.

developed by the lead team comprising Platform, Backend, and Frontend.

- You **gather technical requirements**, structure them, and translate them into clear, actionable backlog items.
- You will **work closely** with the lead team, DevOps engineers, the backend team, and other **stakeholders**.
- You will **prioritize non-functional requirements** such as stability,
- You will **ensure transparency** regarding goals, priorities, and dependencies.
- You will **temporarily take on additional Product Owner** responsibilities for the main backend team.

- You have a **strong technical understanding** of platforms, infrastructure, and the cloud.
- You are **familiar with agile methodologies** and are proficient in using Atlassian tools.
- You **communicate clearly**, confidently, and on an equal footing with various stakeholders in **English and German (B2)**.
- Ideally, you have **experience in the e-commerce environment**, in backend development, and an understanding of cloud-agnostic architectures.

## What we offer:

### Culture

We work in flat hierarchies, treat each other as equals. At empiriecom we give you the chance to help shape things and take on responsibility.

### Exchange

With us, you have the opportunity to network and exchange ideas with various experts inside and outside the Otto Group.

### Agile Work

We live the agile values and give you the opportunity to work in a self-organized way within your cross-functional team while providing the opportunity to further develop yourself.

### Continuing education

We attach great importance to needs-oriented further training measures. Whether technical or personal - let's talk about it together!

### Flexibility

From individual development opportunities to flexible working models (time & place) - we will find a suitable solution together with you!

### Innovative environment

With us you have the perspective to try out new technologies and methods and to design state-of-the-art e-commerce solutions.
